

The Importance of Collaboration

GROUP BENEFITS

When working collaboratively, your work can directly benefit multiple people rather than a single person.

PERSONAL BENEFITS

Working as a team can also benefit you individually. For example, it helps build teamwork skills and can introduce you to diverse and interesting ideas and perspectives.

OUTSIDE KNOWLEDGE

When tackling a problem as a team, you are introduced to solutions that you would not have thought of on your own.

DATA

During the moon landing project, people did 65.86 percent worse when they worked individually.
